

TOWCESTER RACECOURSE AND LEISURE

Suzuki - July 2016

We regularly use Towcester Racecourse for our training days. The venue itself is set in beautiful surroundings with lovely views across the racecourse. The service is always second to none - nothing is too much trouble for the staff (Kieran and Charlotte are both stars) and the food and refreshments are always commented on by our delegates.

Fantastic service from start to finish. Kieran and the team were great (even better than last year!) - Our breakout rooms were serviced to perfection on time every time. Food superb you get the best rating for the whole week that we are on the road and people look forward to our day with you) Special dietary requirements are made to feel special as the food is specifically for them and not just a version of what is on offer.

Great venue and staff were fantastic. We had a technology issue, where staff were on hand to resolve as quickly as possible. As a company, we will use Towcester Racecourse again in the future. Thank you and PS great pastries.

Excellent day which the whole team enjoyed - thank you to your staff who were very attentive and helpful (the only negative was that the coffee cups run out a couple of time and we had to ask for more - maybe always put several more than the number of delegates). The food was great and the facilities were excellent. This was our second year at Towcester and we would definitely come to you again.
